Products covered by a member's prescription benefit plan may change from time to time. Specialty medications are covered based on member's benefit plan design, regardless of their appearance on this document. Please consult your plan documents for specific information. Brand name medications are listed in all CAPS and generic products in lowercase italics.

‡ Indicates Limited Distribution products that are dispensed by US Specialty Pharmacy or one of its specialty pharmacy partners.

* Indicates Limited Distribution products that are not dispensed by US Specialty Pharmacy or one of its specialty pharmacy partners.

Bolded products may have a percentage copay, in accordance with your plan documents.

PA = Prior Authorization Required

QL = Quantity Level Limit
